Insurance for portable signage

Why is it important?

Do you use portable signage as an effective way to promote events, services, or your organisation?

Portable signs are free-standing advertising displays that can be easily moved around and are fantastic way for community groups and not-for-profits to promote events, raise awareness, and engage with the public.

Insurance may help protect you in case something goes wrong, like someone tripping over a sign, or it blowing away and damaging third party property. Without cover, your group could face significant financial exposure if an incident occurs. Legal fees, medical expenses, and compensation claims can add up quickly.

By ensuring your portable signage is insured, you're not only protecting your organisation but also contributing to the safety of the community.

Eligible portable signage:

If you're planning to use one of these signs for your organisation, it's wise to consider Insurance:

- Event signs/fencing
- Special events signage
- Sanitizer stations
- Pop-up displays
- Stanchion signs
- Directional signs
- Flag signs
- A-frame signs
- Corflute signs
- Pull up banners
- Portable fencing

Essential Public Liability coverage for safe and compliant signage

Most councils across Australia require you to obtain a permit and hold insurance to place a sign on a footpath, verge, or any council-owned land.

Local Community Insurance Services can arrange insurance for not-for-profits, community groups, hobbyists, and council candidates with a specialised General Public and Products Liability Policy for portable advertising signage and objects.

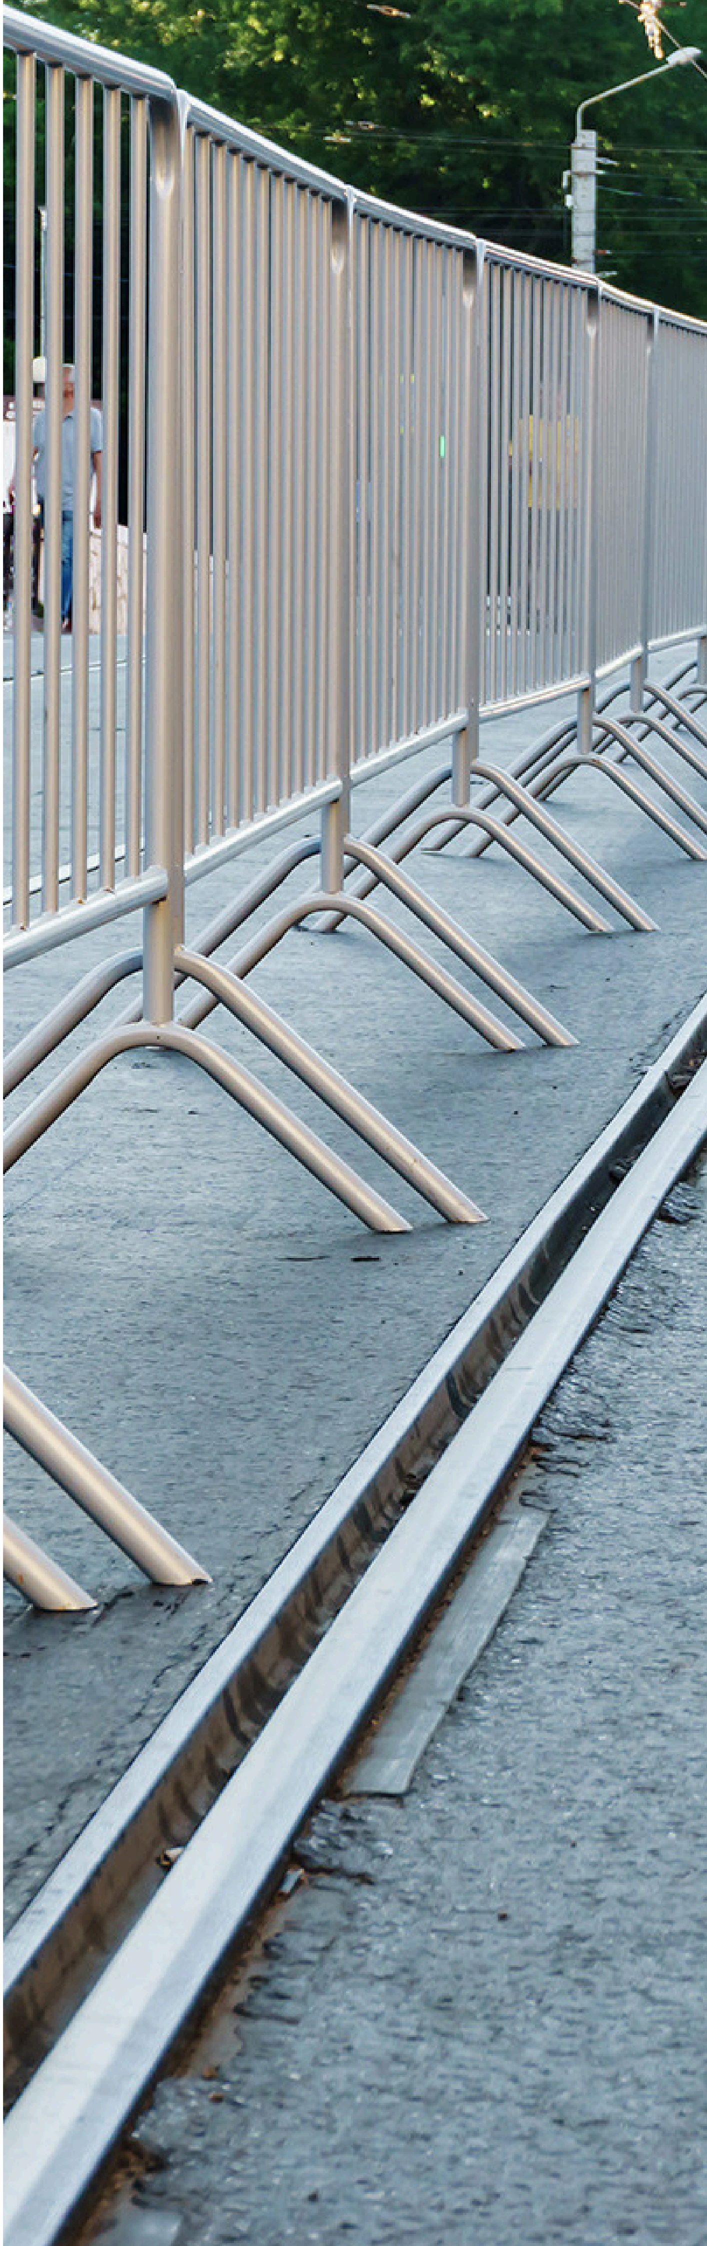
This cover not only helps you comply with local regulations but also protects your organisation and the community from financial risks related to accidents or damages.

Ensure you're adequately covered and ready to promote your message safely!

Don't forget your risk management!

- When it comes to A-frame signage, make sure they're stable and securely anchored to avoid any risks.
- It's also a smart idea to take them down during stormy or windy weather.

Covers listed are subject to limits, sub-limits, endorsements and exclusions as described in the Policy Wording.



Like you, we're about community.

Local Community Insurance Services (LCIS) is a division of JLT Risk Solutions Pty Ltd (ABN 69 009 098 864 AFS Licence No: 226827) ("JLT") and is a business of Marsh McLennan. JLT arranges Insurance and is not the Insurer, and may under binding authority act as an agent of the Insurer and not on your behalf.

If JLT cannot issue Insurance to you as an agent of an Insurer because the underwriting information you have provided means that the insurable risk falls outside of our Binding Authority, JLT can instead arrange your Insurance on the open market as your agent. In this instance, JLT will be acting in a dual capacity, as an agent for the Insurer in collecting the information and then as your agent in arranging the Insurance. JLT will also be acting in such a dual capacity in circumstances where you have obtained multiple Insurance policies through JLT, where some of those Policies have been issued by JLT as agent of an Insurer and others have been arranged by JLT as your agent. All Insurance cover is subject to the terms, conditions and exclusions of the applicable individual Policies. JLT cannot provide any assurance that Insurance can be obtained for any particular client or for any particular risk.

This brochure contains general information, does not take into account your individual objectives, financial situation or needs and may not suit your personal circumstances. For full details of the terms, conditions and limitations of the covers and before making any decision about whether to acquire a product, refer to the specific Policy Wordings and/or Product Disclosure Statements (PDS) available from LCIS on request.

JLT arrange Insurance and premium costs directly to not-for-profit clubs and community groups. Quotations, renewals and new business Policies are not to be accessed and resold by Insurance advisers or other Insurance intermediaries.
